Re: Petition for Review of Postal Service Closure of the Cranberry, PA Post Office

Dear Ms. Staab:

The Postal Regulatory Commission received your petition for review of the Postal Service's determination to close the Cranberry, PA post office on October 6, 2009. The Commission has assigned Docket No. A2010-1 to this matter.

The Commission's rules direct that you be provided a copy of PRC Form 61, which is designed to help appellants make a concise statement of the arguments they believe will support their petitions. Form 61 is enclosed. If you wish, you may rely on these materials as you complete the Participant Statement or supplement them with other information after reviewing Form 61.

Alternatively, you may file an initial brief of no more than 30 pages in length. As the instructions in Form 61 specify, section 115 of the Commission's rules require that an appellant's Participant Statement or initial brief be filed with the Commission within 35 days after the petition is filed. In the case of your petition, this date was adjusted. The deadline for your submission in this case is December 2, 2009.

Sincerely,

Shoshana M. Grove
Secretary
